IABM Celebrating

25 Years of Success

“IABM turned 25!

Since 2000, IABM has profoundly impacted the lives of many talented youth across the country. This incredible journey of dedication and commitment over two and a half decades has established IABM as a premier B-School in the agribusiness domain. IABM has instilled values and ethics in its faculty, staff, and students. Today, IABM takes pride in being a catalyst for change in the education sector and promises to continue this legacy in the years to come.”

**Swami Keshwanand Rajasthan Agricultural
University, Bikaner, Rajasthan - 334006**

Since India gained independence, the agricultural landscape has evolved significantly, driven by the liberalization of government policies and the encouragement of public-private partnerships. This strategic collaboration, along with the involvement of regional, national, and international organizations within the agricultural value chain, has propelled the industry's growth. To advance to the next level and become a formidable global competitor, India must ensure the availability of skilled agribusiness professionals. This objective has captured the attention of the nation's policymakers, as it holds the potential to unlock growth opportunities in agricultural production, processing, marketing, and exports. Strong agribusiness management education is essential for cultivating this crucial human capital.

As a leading institution for advanced education, training, and research in agribusiness management, the Institute of Agri Business Management (IABM), Bikaner, shines as a beacon in this field. The remarkable achievements of IABM are reflected in the success of its MBA (Agri Business) alumni, who are now well-equipped with the essential technical and managerial skills. The class of 2023–2025 exemplifies how these individuals are poised to become invaluable assets to agricultural organizations, driving both their growth and the broader development of the nation.

Director's Message

Dr. I. P. Singh
Director

The MBA in Agri Business Management equips aspiring graduates with the essential skills to excel as Agri Business managers, bridging the gap between science and business. With the unwavering support of its dedicated faculty, alumni, and students, IABM, Bikaner has earned its reputation as one of India's premier institutions for agribusiness management. Our alumni hold prestigious positions in numerous esteemed corporate houses across the country.

It is with great pride and satisfaction that we present our MBA (ABM) batch 2023-25 students for placements and batch 2024-26 students for summer internships in your esteemed organizations. We warmly invite you to visit our campus and collaborate with us in building and nurturing a successful and enduring partnership between the business community and the academic environment.

Invitation to Recruiters

Dr. Aditi Mathur
Placement Officer

Phone: +91-9352132028

Email: placements@iabmbikaner.org

The brightest talent in India is being drawn to IABM, one of the most innovative and influential institutions in the field of agriculture. IABM strives to empower its students with the knowledge and skills required for the industry. We firmly think that by using their edge, our students can contribute to the expansion and advancement of the agribusiness sector.

I am confident that this group of students will meet your professional requirements and offer your company with the ideal values, knowledge, and skills. We are delighted to extend to you a warm invitation to take part in the campus placement programme.

About IABM, Bikaner

The Institute of Agri Business Management (IABM) was established in 2000 with financial assistance from the World Bank as a constituent unit of Swami Keshwanand Rajasthan Agricultural University, Bikaner.

IABM is committed to providing solution-oriented, agri-industry-focused management education, training, research, and policy-related activities.

Our programs are designed to nurture young talent and adapt to the evolving needs of the agriculture sector, driving sustainable development nationwide. Approved by AICTE, our MBA (ABM) program is accredited by the Indian Council of Agriculture Research, New Delhi. IABM offers Master's and PhD programs in Agri Business Management.

Recently certified as ISO 9001:2015, IABM awarded by numerous national and international bodies. We are recognized as a premier sectoral business school, dedicated to training professionally skilled agribusiness managers for leading corporate and non-corporate organizations in the country.

Why IABM, Bikaner?

At IABM, Bikaner, resilience is fostered through adaptive learning strategies and a robust support system. The institution emphasises building a deep understanding of market dynamics and encourages students to navigate challenges effectively. This approach ensures that graduates are well-prepared to handle real-world complexities.

The institution highlights ingenuity by nurturing creative problem-solving skills and innovative thinking. IABM encourages students to develop cutting-edge solutions and leverage technology for business advancements. Their curriculum includes project-based learning that promotes inventive approaches to contemporary challenges.

IABM Bikaner prioritises creating impactful change through community engagement and global initiatives. Their programs are designed to equip students with the skills that drive meaningful contributions to societal and environmental betterment. Alumni are recognized for their role in advancing sustainable practices and ethical business.

Academic Programmes

PhD (Agri Business Management)

IABM started with an academic PhD (Agri Business Management) Session on 2011-12 to meet the growing demand of agricultural education skilled workers and researchers in the field. The scope of this course has been adjusted to sharpen the student skills and knowledge on Education / Research / Consulting Fields with a special mention to the agricultural business. Didactics is designed to develop critical thinking through knowledge gained during the program.

MBA (Agri Business Management)

Master of Business Administration (Agri Business Management) is a two-year full-time postgraduate degree program to educate young people to become an expert manager in the core areas of agribusiness and allied sectors. This program has a comprehensive coverage with features and leadership electives, general discipline and specialisation in Agribusiness Management. It also gives students a sound understanding about management in the agribusiness field through practical exposure.

Associate Director at
Cargill

Alumni Testimonials

I would like to highlight an important sentence our Professor Dr. Rajesh Sharma had mentioned. "It's all about your knowledge and how good, you are able to share and make use of that knowledge with good communication and positive attitude towards life with honesty and integrity". That really helped me to work my way through up to where I am today. I am thankful to the mentors and teachers who paved our future journey and made us dream big, believe in self and to be grounded in life. Wishing all my fellow juniors a happy and a great life ahead.

Kapil Sharma (2000-2002)
MBA (Agri Business)
IABM, Bikaner
Group Crop Manager at East West Seed

Strive not only for success but aim for excellence and be of great value. I would like to describe IABM Bikaner as an exciting and most happening B-School for MBA-Agribusiness Management.

The excellent and supportive faculty, great infrastructure and extra-curricular activities, industry expert interactions, live projects and a positive atmosphere at campus helps you to develop the soft skills and sets you apart from other B Schools. IABM's industry focused MBA-ABM curriculum provides exposure and learning to practical aspects of management and business and scholars are encouraged to come up with new ideas and put them to testing.

In today's world confidence is the key to success and this is what IABM taught us.

Rajendar Godara (2006-2008)
MBA (Agri Business)
IABM, Bikaner
Vice President at Unnati- Agri Input Business

Being a Part of IABM alumni, it has been an empowering experience for me. The learning environment here is qualitative and value-based. The Institute is committed to imparting the very best knowledge to its students and engaging them with experimental and practical learning. I wish all the Students, Staff, faculty, and management a very best of Luck for their future and also wish that the Institute achieve Great Heights in imparting knowledge.

Amitesh Kumar (2006-2008)
MBA (Agri Business)
IABM, Bikaner
COO & CFO at Midland Microfin Ltd

Scholastic Ambience

LIBRARY

“Nothing is more pleasant than exploring a library” - IABM has a comprehensive collection of 10061 books and 26 e-books. Library also has a subscription of various magazines, newspapers and journals. IABM adorns the technology with the subscription of various online resources.

SEMINAR HALL & CONFERENCE HALL

It serves as the focal point of essential activities carried out at IABM using the latest information and communication technology to develop managerial competencies in the students.

HOSTEL ACCOMODATION

The accommodations are thoughtfully equipped with a range of amenities, including a fully-equipped gym, comfortable common areas, a spacious dining facility, lush green lawns, and consistent water and electricity supplies.

LECTURE HALL

To provide a participatory environment, lecture halls are well-equipped with the best teaching aids of the most recent technologies, such as virtual classroom technologies, interactive screen boards, projectors, etc.

Clubs & Committees

CAREER COUNSELLING & PLACEMENT CELL

The placement cell plays a crucial role in connecting students with job opportunities. It helps students find suitable placements and assist in their career development. The placement cell acts as a bridge between students and companies, ensuring a smooth transition from education to employment & entrepreneurship.

CORPORATE RELATIONS CELL

The cell engages directly with company representatives and utilizes various social media channels to secure live projects, summer internships, winter internships, and final placements. The cell also organises events such as 'Connecting Dots' and 'Let's Talk Professional'.

MEDIA CELL

The Media Cell plays a pivotal role in maintaining a robust online presence and effectively engaging with the audience across various social media platforms. Responsibilities include managing official accounts on LinkedIn, Facebook, and Instagram for the batch, and showcasing the values and objectives of the Institute.

ALUMNI RELATIONS CELL

Assists Institute graduates in cultivating enduring connections, fostering a vibrant alumni community that enriches the growth and heritage of our alma mater. Serving as a bridge between the past and present, the cell organises events, facilitates networking opportunities, and encourages collaborations.

AGRI INSHORTS

Is a weekly newsletter offering brief and concise updates on agricultural news and developments. It covers diverse topics including technology, agricultural policies, agribusiness, and the latest innovations in the field. It serves as a condensed source for staying informed about the latest happenings in the agribusiness.

Clubs & Committees

KRISHI SARANSH

Serves as the comprehensive roadmap for navigating the complexities of contemporary farming. A must-read for farmers, enthusiasts, and industry professionals alike, it offers cutting-edge research, practical advice, and creative ideas. The publication explores recent trends, innovative techniques, and eco-friendly strategies shaping agriculture today.

KESARIYA CLUB

Oversees the planning of all intra-collegiate cultural events, aimed at discovering students' hidden talents in the performing arts. The club organises festivals and social celebrations that capture the essence of Bharat, from Diwali to Onam.

THINK BUILDERS

The Video Cell is dedicated to capturing and sharing the dynamic activities of our institute through engaging video content. They expertly document lively campus events and activities that highlight our institute's journey, and future plans, and develop impressive video resumes. Their compelling storytelling truly brings our campus to life and adds depth to student profiles.

MOO'WE CLUB

With the tagline 'Let's Move Together,' aims to unite students through a diverse range of engaging activities. From thought-provoking business movie screenings to insightful case study video sessions.

COMMUNION CLUB

A place where students with similar interests come together to exchange ideas, have stimulating conversations, and build deep connections. The club provides intellectual discussion, networking possibilities and a place to socialize. It helps to discover individual extensive gatherings, workshops, and events that are intended to expand horizons and inspire new ideas.

SPORTS CLUB

The club promotes an active campus lifestyle by organizing sports and recreational activities, including intercollegiate competitions in cricket and badminton. It encourages student participation, fostering camaraderie and offering opportunities for personal growth, skill development, and social interaction.

Social Networking Activities

The IABM family visited the **Government Blind Residential Sr. Sec. School in Bikaner**. We were deeply moved by the resilience and potential of the students. Our visit reaffirmed our commitment to using education to promote inclusivity.

On July 11th, 2024, IABM launched the "**Ek Ped Maa Ke Naam**" campaign, with Dr. Arun Kumar, Vice-Chancellor of SKRAU, and Dr. I. P. Singh, Director of IABM, in attendance. Our community united to plant trees, enhancing our campus and underscoring our commitment to sustainability.

The Institute of Agri Business Management (IABM) organizes various activities in the **adopted village Kavani** under the initiative of **University Social Responsibility (USR)**, empowering farmers by raising awareness of modern farming practices. Through training and knowledge-sharing sessions, IABM equips farmers with advanced agricultural techniques, enhancing productivity and promoting sustainable farming in the community.
